Professional Experience Verification – Security Mindset & Risk Awareness

Date: April 3, 2026

To Whom It May Concern,

This letter is to confirm that Luis Acosta has been employed with The Team Work Company as a Construction Worker Coordinator from January 2, 2025 to Present.

During his time with our company, Luis has demonstrated a strong sense of responsibility, safety awareness, and attention to operational procedures. His role requires consistent adherence to safety protocols, compliance standards, and risk prevention practices to ensure a secure work environment.

Luis has shown particular strengths in areas that align closely with cybersecurity and information security principles, including:

- Risk Identification: Recognizing potential hazards and reporting issues to prevent incidents.
- Compliance & Procedures: Following strict safety and operational guidelines to maintain workplace security.
- Attention to Detail: Reviewing plans and site instructions carefully to ensure accuracy and prevent errors.
- Incident Awareness: Identifying and responding to unexpected situations on job sites in a timely and responsible manner.
- Team Collaboration: Working with team members to maintain a safe and organized environment.

Luis has expressed a strong interest in transitioning into the cybersecurity field and is currently developing his knowledge in information security practices. Based on his work ethic, discipline, and analytical thinking, I believe he has the potential to succeed in an entry-level cybersecurity role.
